

Get the computer configuration specified by Emory University at a special price!

The bookstore worked with both the University and Dell to develop custom configurations at special volume pricing, and is now offering it to you.

Why do you need a University selected Dell laptop or PC?

- Computers have been configured to work with the University networks and software
- Support is easily found when you have the same system as everyone else
- Dell systems are exceptionally reliable and full-featured enough to be the only computer you'll need.

Stop by the bookstore to check out the Dell computer you need or visit us online at www.emory.bkstr.com
